

PLANET OREGON

2022 PINOT NOIR

1% OF ALL SALES DONATED TO THE OREGON ENVIRONMENTAL COUNCIL

THINK PLANET. Planet Oregon Wines are a responsibly delicious choice. We farm our grapes sustainably, protecting streams and rivers from run-off that can harm fish and other wildlife. We monitor carbon emissions, energy use, and waste production to ensure the only mark we leave on this Planet is a wine stain or two.

DRINK OREGON. Oregon is a world renowned wine region in the beautiful Pacific Northwest. Our grapes are farmed in the Willamette Valley, a diverse landscape of rolling hills and ancient soils sandwiched between the Coastal and Cascade Ranges, a mere 30 miles to the Pacific Ocean. This is the New World's most promising wine region for Pinot Noir.

GIVE BACK. 1% of the sales from this bottling are donated to the Oregon Environmental Council. Their work ensures Oregonians live healthier lives because our air, water and land are cleaner; our food is sustainably produced; and the products, energy and transportation we rely on are safer for our environment.

TASTING NOTE

"Soter's value label delivers the goods once again. The '22 vintage was spectacular in the Willamette Valley, as is reflected in this dense, supple and flat-out delicious wine. The aromatics captivate with chocolate and fresh berry scents; the smooth, rich palate brings those flavors along with orange peel, pie cherries and sweet toast."

-Paul Gregutt

VARIETAL COMPOSITION
WILLAMETTE VALLEY PINOT NOIR

FERMENTATION
TRADITIONAL METHODS
SMALL, OPEN TOP VESSELS

AGING
8 MONTHS IN 100% USED
FRENCH OAK BARRELS

VINEYARD SUSTAINABILITY
90% LIVE certified
9% Organically farmed
1% Biodynamically farmed

ALCOHOL
13.5%
